

TOMS RIVER SEAPORT SOCIETY AND MARITIME MUSEUM

**JULY 16, 2011 WOODEN BOAT FESTIVAL
SPECIAL THANK YOU**

We would like to thank all of you who made this years' Wooden Boat Festival successful . This Festival could not have happened without all of the TRSS Volunteers, and their families, the generous donations from Remington, Vernick & Vena Engineers, WOBM, the large turn out of Maritime Vendors, some who have come for years. Another, thank you to the Master Boat Builders, who guided the skiff building groups to completion. We also can not forget the Valhalla's Pirates. A special thank you to them for providing a colorful day of skirmishes, mutinies and great fun.

And of course, our reason to do the event, the boats. Thank you to all of the boat owners for keeping the rich boat history alive for us to celebrate.

Photos of this event are currently being collected and will be posted on our website, www.tomsriverseaport.org, within the next few weeks.
